*3-year term
ending year

January 22, 2021

Dear Friends,

Our communities continue to face personal and professional challenges, particularly to our fundamental routines, family lives, and business practices. This adversity, however, has also challenged us to innovate, and reflect resilience. We have learned to trust the strength of friendships; and we are constantly reminded of the importance of charity, generosity, and kindness.

As members of the Hispanic Issues Section (HIS), we are part of a legal family that understands the significance of community. Kindness, we believe, is to be shared year-round and not only during a pandemic. With this in mind, we have formed a Hardship Committee whose goal is identification of member needs and generate resources for HIS attorneys who are experiencing business or life difficulties.

Would you please help us identify the needs of our members and the various resources that will be most beneficial by completing the survey below?

<https://forms.gle/m3PNH6wq8vwxAfks7>

Please share the link above with lawyers that you may know who are experiencing challenges. We'd like to assess what the needs are and how we can assist. Your time and responses are greatly appreciated. If you have any questions or concerns please do not hesitate to email us.

With great appreciation,

Judge Victor Villarreal
Chair of the Hispanic Issue Section
